Banner frame Signs

Standard Frame

Our Standard Frame is typically used on golf courses and for sporting events and exhibitions. Made from 25 mm square anodised aluminium tube with plastic push-fit joints, our Standard Duty Banner Frames are suitable for indoor or outdoor use. Each frame comes complete with looped elastics to secure and tension the banner, carrying bag, and a set of pegs for outdoor events. The modular structure gives sufficient flexibility for different banner sizes, whilst even the longest element fits easily into a standard car. Maximum banner size - 30 ft x 3 ft.

Easy push together construction

Robust aluminium construction

Elasticated banner tensioning

All frames come with Bags, Pegs, elastics and instructions

Banner frame Signs

Heavy Duty Frame

Made from 30 mm diameter round anodised aluminium tube, Heavy Duty Banner Frames are built to withstand the rigors of frequent outdoor use, and feature cast aluminium joints with rubber O rings for easy fitting. Easily carried in a car, these modular banner frames are supplied with carrying bags, elasticated banner fixing loops and ground pegs.

We can accommodate banners up to 20 ft x 4 ft or 30 ft x 3 ft.

Frame and banner pack fit easily into one bag

Ready to install in less than 5 minutes

Push together tool free construction

Install and tension the banner in one
